اَشْهَدُ اَنْ لَّا اِلٰهَ اِلَّا اللّٰهُ وَحْدَهٗ لَا شَرِيْكَ لَهٗ

وَاَشْهَدُ اَنَّ مُحَمَّدًا عَبْدُهٗ وَرَسُوْلُهٗ

I bear witness that there is none worthy of worship except Allah. He is One and has no partner and I bear witness that Muhammad is His Servant and Messenger. I Solemnly pledge that I shall endeavour throughout my life for the propagation and consolidation of Islam Ahmadiyyat and shall stand guard in defence of the institution of Khilafat. I shall not hesitate to offer any sacrifice in this regard. Moreover, I shall exhort my children to always remain dedicated and devoted to Khilafat. Insha Allah.

DARS-E-QURAN

إِنَّ الدِّيْنَ عِنْدَ اللّٰهِ الْاِسْلَامُ وَمَا اخْتَلَفَ الَّذِيْنَ اُوْتُوا الْكِتَابَ اِلَّا مِنْ بَعْدِ مَا جَاءَهُمُ الْعِلْمُ بَغْياً بَيْنَهُمْ وَمَنْ يَكْفُرْ بِآيَاتِ اللّٰهِ فَاِنَّ اللّٰهِ سَرِيْعُ الْحِسَابِ ○

Al Imran: 20

Surely, the religion with Allah is complete submission. And those who were given the Book did not disagree but after knowledge had come to them, out of mutual envy. And whoso denies the signs of Allah, then surely Allah is quick at reckoning. (Al Imran: 20)

The verse throws light on the fact though other religious systems also claim to inculcate belief in the Oneness of God and submission to His will, yet it is only in Islam, the religion brought by the Holy Prophet (PBUH), that the idea of submission to God's will has found its consummation; for example submission requires complete manifestation of God's attributes and it is in Islam alone that such manifestation has taken place. So Islam alone of all religious systems deserves to be called the religion of God in the real sense of the term. All true religions were indeed more or less Islam in their original form and their adherents Muslims in the literal sense of the term, but not till the time when religion became complete in all its different aspects was any faith given the name of Islam, which was reserved for the final dispensation perfected in the Holy Quran.

The clause, "And those who were given the book did not disagree but after knowledge had come to them, out of mutual envy", signifies that if Jews and Christians had been truly submissive to the will of God, as they claim to be, they would not have refused to accept Islam, which is submission to Divine will in its complete and most perfect form. By their rejection of Islam they have brought ruin upon themselves and have been deprived of God's grace and bounties of which they had had an ample share before.

If the People of the Book and those who follow no revealed scripture were to submit to God, they would surely accept the Holy Prophet (saw) and be rightly guided, the former because clear prophecies are found in their scriptures regarding him and the latter because of the combined testimony of nature, human conscience and common sense. Submission to God is the source of all true guidance.

DARSUL HADITH

Seven Ways to seek Allah's pleasure

It is related on the authority of Abu Haraira (ra) that the Holy Prophet (pbuh) said,

"On the day of resurrection, the seven persons will be under the shadow of God; the first, the judge who is just; the second, the man who devotes his life in the worship of God even in his youth; the third, the man who eagerly awaits the call to prayer to go to the Mosque and worship God; the fourth, the two friends, who love each other for the sake of God, when they meet they meet for the sake of God, when they separate they separate for the sake of God; the fifth, the man who resists the temptation of a woman who is beautiful and comes of a respectable family and tries to incline him towards her for evil purposes; the sixth, the man who gives alms with his right hand but conceals it from the left; the seventh, the man when alone, meditates on God, and his eyes become filled with tears." *(Bukhari)*

It is related by Hazrat Sahl that a man came to the Holy Prophet (peace be upon him) and said:

O The Prophet of Allah, please let me know what to do that Allah may love me and people also like me.

The Holy Prophet (pbuh) said:
Forsake and abandon the world and Allah will love you. Don't desire for the things people have and people will also love you.

Explanation:

As a matter of fact this Hadith contains the wonderful instructions for happiness in one's life. The comforts and luxuries never provide true and real happiness. They are all fleeting and do not remain for long. But this does not mean to become celibate. It is not permitted in Islam. Keep your desires to the minimum. This means leaving the world and by doing so the world itself will come after you. This will protect you from sins which is a sort of burning in this world and in the Hereafter. Secondly, if you don't desire what people have, no one will be jealous of you. What a wonderful way to remain happy? People will definitely love you and this is a sure way to bring happiness

Punishment and Mercy of God

It is related by Hazrat Abu Hurairah (pbuh) that the Holy Prophet (pbuh) said that if Mu'min had an idea of the punishment as to how severe it will be, he will never hope for paradise. He will think that it is very difficult to escape from the punishment.

If a kafir had an idea how vast are the treasures of grace and mercy of Allah, he will never be disappointed of His paradise. He will be confident that only a wretch will be denied of it. *(Muslim Kitab al-Taubah)*

Explanation

This Hadith gives an idea of the magnitude of vast treasures of Allah's grace and mercy. A Mu'min is fully confident of His kindnesses. Whenever he commits a fault, immediately prostrates at His doorstep and begs His forgiveness and promises to be a better person. Allah also keeps on forgiving him. Thus he goes on advancing virtues, good deeds and Taqwa and reaches a stage where Allah says, "Come, enter the fold of my servants and enter my paradise".

On the contrary, if we see other faiths, the concept of forgiveness, pardon and mercy is not as sublime as it is in the religion of Islam. That's why kafir is not very confident of Allah's graces and mercy. He tries to seek refuge in the concept of atonement for his salvation or wants forgiveness in transmigration of souls. But both these beliefs are not correct and do not provide tranquillity to the soul. It is the good deeds and right beliefs which are the source of man's salvation.

From writings of the

PROMISED MESSIAH (عَلَیْہِ السَّلَام)

The Purpose of Religion

The true purpose of adopting a faith is that one should acquire such certainty concerning God, Who is the fountainhead of salvation, as if one can see Him with one's eyes. The wicked spirit of sin seeks to destroy a man and a person cannot escape the fatal poison of sin till he believes with full certainty in the Perfect and Living God and till he knows for certain that God exists, Who punishes the offender and bestows upon the righteous everlasting joy. It is a common experience that when one believes in the fatal effects of anything one does not have recourse to it. For instance, no one swallows poison consciously. No one deliberately stands in front of a wild tiger. No one deliberately thrusts his hand into the hole of a serpent. Then why does a person commit sin deliberately? The reason is that he has not that certainty in this matter as he has in other matters of the kind that we have mentioned. The first duty of a person, therefore, is to acquire certainty with regard to the existence of God, and to adopt a religion through which this certainty can be acquired so that he should fear God and shun sin. How can such certainty be acquired? It cannot be acquired through mere stories. It cannot be acquired through mere arguments. The only way of acquiring certainty is to experience God repeatedly through converse with Him or through witnessing His extraordinary signs, or by keeping company with someone who has that experience. *(Nasim-e-Da'wat, Ruhani Khaza'in, Vol. 19, pp. 447-448)*

The purpose of religion is that man should obtain deliverance from his passions and should develop personal love for God Almighty through certain faith in His existence and His perfect attributes. Such love of God is the paradise, which will appear in diverse shapes in the hereafter. To be unaware of the True God, to keep away from Him, and not to have any love for Him, is the hell which will appear in diverse shapes in the hereafter. Thus, the true purpose is to have full faith in Him. Now the question is which religion and which book can fulfill this need. The Bible tells us that the door of converse with God is closed and that the ways of obtaining certainty are sealed. Whatever was to happen, happened in the past and there is nothing in the future..... Of what use then is a religion that is dead? What benefit can we derive from a book that is dead? What grace can be bestowed by a god who is dead? *(Chashma-e-Masihi, Ruhani Khaza'in, Vol. 20, pp. 352-353)*

Head of Ahmadiyya Muslim Community delivers Historic Address

IN SINGAPORE

Hazrat Mirza Masroor Ahmad calls for justice at all levels

The World Head of the Ahmadiyya Muslim Jamaat and Fifth Khalifa, Hazrat Mirza Masroor Ahmad delivered the keynote address at a Welcome Reception held in his honour at the Oriental Mandarin Hotel in Singapore on the evening of 26 September 2013. The event was attended by more than 100 non-Ahmadi dignitaries and guests, including Mr Lee Koon Choy, a founding member of the ruling People's Action Party, who during a distinguished career also served as Singapore's Ambassador to various countries.

During his keynote address, Hazrat Mirza Masroor Ahmad explained the basis for a just economy; the need for equity between nations; the misrepresentation of Islam; and his concerns at the increasing risk

of a Third World War.

His Holiness began his address by referring to the modern day negative portrayal of Islam. He said that the religion had been defamed across the world due to the hateful acts conducted by certain so-called Muslims who were motivated only by personal gain.

Hazrat Mirza Masroor Ahmad said:

"In much of the world today there is a belief or perception that Islam is a religion of extremism and force. Let me say at the outset that this is entirely wrong and the reality is the complete opposite... The truth is that there are some selfish Muslims who seek only to serve their own personal interests. To feed their own ambitions and desires they are interpreting Islam's teachings in completely the wrong way and therefore have enabled various unfounded allegations to be levelled against Islam. Their acts unfairly tarnish Islam's pure name even though the

reality is that at every instance Islam provides only rational and logical answers that are entirely fair and just."

Speaking about the means for a successful economy, His Holiness said Islam advocated fairness at all levels.

Hazrat Mirza Masroor Ahmad said:

"Islam teaches that the world's natural resources are the combined property and wealth of all of mankind... The vast treasures that Allah the Almighty has endowed, both above and below the earth, are not just for a few selected individuals but are for the benefit of every single person, in every part of the world."

Speaking about the importance of education, Hazrat Mirza Masroor Ahmad said universal access was necessary.

His Holiness said:

"Islam teaches that each and every child, no matter his or her background, should be provided a proper education so that they can develop into skilled and truly beneficial members of society."

Speaking about international relations, His Holiness said that peace between nations could only be achieved through justice at all levels and that developed countries should seek to assist under-developed countries selflessly.

Hazrat Mirza Masroor Ahmad said:

"Alliances or friendships with particular nations should not be a determining factor in deciding whether to assist other countries. Favouritism of any kind should not occur – rather the goal should be to help others stand on their own feet. Unjust conditions should not be placed, whereby countries are not helped until they fulfil certain demands or until they agree to establish particular relations with third-party countries."

Speaking about inequality Hazrat Mirza Masroor Ahmad said the gap between rich and poor continued to prevail:

"Regrettably, we find that more than sixty years after the formation of the United Nations, the poor countries remain destitute and deprived, whilst the developed countries have remained rich and powerful. Islam has explained that a fundamental cause of this permanent inequality is that the world has not understood that the wealth of resources granted to mankind by God is for the combined use of all of humanity."

Offering a solution to global unrest and a means to reduce inequality, Hazrat Mirza Masroor Ahmad said:

"Islam, however, counsels that the best state of affairs, which are of peace and harmony, can only be established when both sides work together for the greater good. The poor must fulfil their own responsibilities and work hard in order to benefit from their resources and wealth. On the other hand, the rich should happily display a true spirit of sacrifice in order to help their brothers and sisters."

Then Huzur (aba) concluded by speaking about his fear that a global war could be ignited at any time.

Hazrat Mirza Masroor Ahmad said:

"If we look back at history, we realise that a major factor that led to the first two World Wars was the prevailing economic situation and this part of the world where you reside was also caught in its effect. If such circumstances were to prevail again it would be extremely difficult to predict who would be safe and who would be in danger. We can only pray and present the facts and realities in front of everyone in an effort and hope that the world can be saved from all forms of destruction and danger. This is essential so that we are not looked upon with anger and as transgressors by our future generations."

Earlier in the evening Mr Lee Koon Choy also addressed the audience stating that he had seen how Islam's name had been tarnished over the previous decades and so he appreciated that the Ahmadiyya Muslim Jamaat was highlighting the true and peaceful nature of Islam to the world.

Prior to the event, Hazrat Mirza Masroor Ahmad held private meetings with various dignitaries and was interviewed by representatives of Indonesia's national media. His Holiness also presented four local charities with donations on behalf of the Ahmadiyya Muslim Jamaat in Singapore.

World moving towards devastating Third World War warns Hazrat Mirza Masroor Ahmad

Hazrat Mirza Masroor Ahmad addressing Melbourne-Reception, Major-General Paul McLachlan, Mayor of Frankston, Sandra Mayer, Anthony Byrne MP, Judith Graley MP and Ingra Peulich MP among distinguished audience

The World Head of the Ahmadiyya Muslim Jamaat and Fifth Khalifa, Hazrat Mirza Masroor Ahmad delivered the keynote address at a Special Reception held at the Princess Court Reception Center in Melbourne on the evening of 11 October 2013.

The event was attended by more than 100 non-Ahmadi dignitaries and guests, including Major-General Paul McLachlan, Mayor of Frankston, Sandra Mayer, Anthony Byrne MP, Judith Graley MP and Ingra Peulich MP.

one another. This is why the Holy Qur'an, which is the sacred book for all Muslims and according to our beliefs the final law-bearing book, is filled from cover to cover with commandments requiring mankind to fulfill the rights of one another.

During much of his address, Hazrat Mirza Masroor Ahmad addressed the causes and consequences of the Arab Spring. Describing the state of affairs in Libya following NATO's military intervention in 2011, His Holiness said:

During his keynote address, Hazrat Mirza Masroor Ahmad analysed in detail the major threats to modern day world peace including the so-called 'Arab Spring' and spoke of his serious concern that the world was increasingly at the precipice of a horrific Third World War. Thereafter, His Holiness outlined the pathway to peace based on true Islamic teachings.

Hazrat Mirza Masroor Ahmad began his address by explaining Islam's core teachings of mutual respect by saying:

Human beings are the greatest of all of God's Creation and so Allah the Almighty desires for mankind to respect and honor

If we look at Libya we find that its governing officials, political analysts and media are all in agreement that tribal governments have now formed and consequently the central government is facing grave difficulties and is entirely weakened.

Moving on to the conflict in Syria, Hazrat Mirza Masroor Ahmad said that both the Government and the rebel forces were to blame for the disorder which has plagued Syria for more than two years. Regarding recent developments, His Holiness expressed relief that military intervention did not take place as was recently threatened. He also articulated a hope that those tasked with destroying Syria's chemical weapons were successful in entirely eliminating them.

Head of Ahmadiyya Muslim Community Inaugurates 'Khilafat Centenary Hall' in Sydney

Hazrat Mirza Masroor Ahmad delivers keynote address appealing for world peace

On 18 October 2013, the World Head of the Ahmadiyya Muslim Jamaat and Fifth Khalifa, Hazrat Mirza Masroor Ahmad officially opened the *'Khilafat Centenary Hall'*, built next to the Baitul Huda Mosque in Sydney, with the keynote address at an Inauguration Reception.

The event was attended by more than 200 non-Ahmadi dignitaries and guests, including a range of Federal and State Parliamentarians.

During his keynote address, Hazrat Mirza Masroor Ahmad spoke about the misrepresentation of Islam in today's world; he spoke about the objectives of the Ahmadiyya Muslim Community and he spoke once again about his grave concerns that the world was heading towards a devastating global war.

His Holiness also offered his personal sympathies to the people of New South Wales over the raging bushfires that were causing huge damage to parts of the State.

The Khalifatul Masih (aba) began his address by acknowledging the damage caused to Islam's reputation by the acts of extremists and terrorists who had wrongly associated themselves with the religion.

Hazrat Mirza Masroor Ahmad said:

"Some so-called Muslims have conducted the most horrific terrorist acts and killings both in their countries and abroad. No doubt they have created a state of fear, which is terrifying the non-Muslim world, whilst at the same time defaming the pure name of Islam."

In contrast to misguided extremists, Hazrat Mirza Masroor Ahmad said the Ahmadiyya Muslim Community was constantly engaged in promoting the real teachings of Islam throughout the world.

His Holiness said:

"The Ahmadiyya Jamaat is a peace-loving community that acts entirely in accordance with the true teachings of Islam. It is a community that not only promotes peace but whose every act and activity is conducted in an entirely peaceful manner."

Speaking about the defining character of Ahmadi Muslims, His Holiness said:

"Ahmadi Muslims can literally be described in just two lines – as those people who fulfil the rights owed to God and those who fulfil the rights owed to God's Creation. Without acting upon these teachings a person cannot claim to be a true Ahmadi Muslim."

The world leader said that the new building had been named the *'Khilafat Centenary Hall'* and that the name signified that all those who entered it would attain only peace and security.

Speaking about the Khilafat of the Promised Messiah, His Holiness said it could only ever be a 'source of peace' for both Ahmadis and non-Ahmadis alike.

Hazrat Mirza Masroor Ahmad said:

"All of the Khalifas who have led the Ahmadiyya Muslim Community have always advocated for peace, unity and a sense of mutual brotherhood."

Speaking about his concern at the current state of the world, Hazrat Mirza Masroor Ahmad said:

"The state of the world today is clearly indicating that we are on the brink of an extremely dangerous global war. Such a war will include countries that possess nuclear weapons and whose leaders are trigger happy and do not care about the horrific consequences of their acts. As a result of their carefree attitudes the world may come to witness a truly devastating destruction."

Concluding, His Holiness appealed for all parties to work towards peace and understanding. He said there was an urgent need for all parties to set aside their personal and selfish interests for the sake of the common good.

Hazrat Mirza Masroor Ahmad said:

"Do not consider the problems and conflicts of today's world to be minor or insignificant but instead strive your utmost and make every possible effort to establish peace... Thus, I ask all of you to raise your voices with justice against all forms of cruelty, corruption and disorder so that the world can be saved from destruction."

Earlier in the evening a range of dignitaries also addressed the audience.

Senator Concetta Fierravanti-Wells, representing Prime Minister Tony Abbott MP, welcomed Hazrat Mirza Masroor Ahmad to Australia and said she had been particularly pleased to listen to a previous address given by him in Germany calling for *"loyalty and faithfulness to one's nation."*

Victor Dominello MP (Minister for Citizenship and Communities) read a message from NSW Premier Barry O'Farrell welcoming Hazrat Mirza Masroor Ahmad to the State. In his message he said it was a great honour for New South Wales to host such a '*venerable spiritual leader*'. His Holiness then presented Mr Dominello with a cheque for $20,000 to help those affected by the bushfires.

Phillip Ruddock MP (Federal Member for Berowra) said:

"I want to assure His Holiness that his flock is very welcome here in Australia. The presence of so many MPs here tonight is a demonstration of the respect that Ahmadis are held in here in Australia. Your Holiness, we will happily welcome you back many, many times."

Ed Husic MP (Federal Member for Chifley) said:

"Your Holiness it is an honour to spend time with you and to welcome you to Australia. When you leave Australia you can be rightly proud of your community here because the Ahmadis are exemplary citizens of this country. Your visit will be remembered and treasured for years to come."

John Robertson MP (Leader of the Opposition & Shadow Minister for Western Sydney) said:

"It is an absolute honour and privilege to share time with Your Holiness because he walks the world stage with a very powerful message of faith and peace. You are so well respected across the entire globe for calling for peace and tolerance. It is leaders like you who will impact the future of the world. We need more leaders like you because only through voices like yours will stability develop in the world. You are the voice of peace, of hope and of courage."

Kevin Conolly MP (State Member for Riverstone) who received Hazrat Mirza Masroor Ahmad at the airport on 1st October 2013 said:

"It is memorable for New South Wales to be able to receive a leader of the stature of His Holiness. Certainly, Ahmadi teachings emphasising 'Love for All, Hatred for None' are very welcome here in Australia."

David Clarke MLC said:

"Ahmadi Muslims are good and Godly people and they are good because they are Godly. We praise and honour Your Holiness for conveying the message of peace across the world... In Australia there will always be full freedom for the Ahmadiyya Muslim Community. Never will we tolerate even a single hair on the head of an Ahmadi being harmed. God bless the Ahmadiyya Muslim Community."

Upon the conclusion of the event, Hazrat Mirza Masroor Ahmad met personally with non-Ahmadi guests many of whom expressed their appreciation at the keynote address and requested a photo with the spiritual leader.

Authority over people

The Holy Prophet (peace and blessings of Allah be upon him), say: Allah will forbid Paradise to one whom He appoints in authority over people and who plays false. (*Bokhari* & *Muslim*) Another version is: Even the fragrance of paradise will not reach him, if he does not look after them with goodwill and sincerity. Muslim's version is: If a person is in charge of the affairs of the Muslims and does not strive diligently to promote their welfare, he will not enter Paradise with them.

Abu Maryam Azdi relates that he said to Mu'awiah: I heard the Holy Prophet, peace and blessings of Allah be upon him, say: If Allah places someone in authority over the Muslims and he puts up a barrier between himself and their needs and objects and poverty, Allah will put a barrier between Himself and his needs and objects and poverty on the Day of Judgement. So Mu'awiah appointed a man to keep a check on the needs of people. (*Abu Daud* & *Tirmidhi*)

Auf ibn Malik (ra) relates that he heard the Holy Prophet, peace and blessings of Allah be upon him, say: Your best rulers will be those whom you love and who love you, and for whom you pray and who pray for you; and your worst rulers will be those whom you hate and who hate you, and whom you curse and who curse you. We asked: Messenger of Allah, shall we not boycott them? He said: Not, so long as they maintain the Prayer services; not so long as they maintain the Prayer services. (*Muslim*)

On 29 October 2013, the World Head of the Ahmadiyya Muslim Jamaat and Fifth Khalifa, Hazrat Mirza Masroor Ahmad was welcomed by King Tuheitia at the Turangawaewae Marae in New Zealand and given a traditional welcome by the Maori community.

Upon arrival at 10.30am, three members of the Maori community welcomed Hazrat Mirza Masroor Ahmad with a traditional Maori warrior exhibition.

The Maoris began the exhibition at a far distance from His Holiness but advanced step by step whilst roaring in their native tongue, whilst female members of the Maori community chanted from the side.

As His Holiness proceeded through the Marae, dozens of Maori children and elders also partook in the welcome by chanting in the Maori language.

During the formal session, a number of Maori elders welcomed Hazrat Mirza Masroor Ahmad with short speeches. The elders recognised His Holiness as *"an inspirational and strong leader who advocates for peace."*

Head of

Ahmadiyya Muslim Community

Addresses Historic Reception in Japan

Hazrat Mirza Masroor Ahmad directly conveys Islam's peaceful teachings to people of Japan

The World Head of the Ahmadiyya Muslim Community and Fifth Khalifa, Hazrat Mirza Masroor Ahmad addressed an audience of more than 100 Japanese dignitaries and guests on 9th, November 2013 at a Special Reception held at the Mielparque Hotel in Nagoya.

During his address, His Holiness explained Islam's true and peaceful teachings; he condemned all forms of terrorism and extremism; he spoke movingly about the Japanese people and he appealed to Japan's leaders to strive for world peace.

Hazrat Mirza Masroor Ahmad began by describing Islam's true teachings and said:

"Islam's true teachings are so complete and beautiful that at every level they guide believers towards an enlightened path lit up with love, affection and brotherhood."

Hadhrat Khalifatul Masih (aba) said it was a source of regret that many Muslims had deviated from these true teachings. He said the root cause was the influence of religious scholars who cared only for their own power bases and personal interests. He said that whatever such "***so-called scholars***" taught had "***nothing to do with Islam's pure and noble teachings.***"

His Holiness said that suicide bombings and terrorist attacks were to be absolutely condemned and that the Quran taught that the unlawful killing of one person was "***akin to killing all of mankind***".

Reflecting on Islam's true teachings, Hazrat Mirza Masroor Ahmad said:

"The Arabic word from which the word 'Islam' derives means to spread peace and security and to spread compassion and love. These teachings form the reality of Islam. Furthermore, Allah commands Muslims to not only adopt these attributes themselves but also to spread peace, love and affection throughout the world."

Hazrat Mirza Masroor Ahmad added:

"You should not think that the teachings of the Ahmadiyya Community are a new form of Islam or a different teaching – rather the reality is that these are the teachings of the Founder of Islam, the Holy Prophet Muhammad (peace and blessings be upon)."

Speaking about the role of Ahmadi Mosques, Hazrat Mirza Masroor Ahmad said:

"Our Mosques are symbols of peace and beacons of light that illuminate their surroundings... Our Mosques are not built to cause any pain to mankind, but on the contrary are built for the sake of protecting and loving all people."

Referring to the past experiences of the Japanese people, Hazrat Mirza Masroor Ahmad said:

"The Japanese nation and its leaders comprise those people who understand the necessity for world peace more than any other people. You are those people who know the full devastating effects of nuclear weapons and the carnage that ensues. You are the people who know better than any other the horrific consequences of modern warfare."

Concluding, Hazrat Mirza Masroor Ahmad outlined the need for all parties to work towards the paramount goal of peace and a fair society. He called on the Japanese nation and its people to play its role towards this end.

Hazrat Mirza Masroor Ahmad said:

"In my capacity as the Head of the Ahmadiyya Muslim Jamaat, I have been constantly warning the people and nations of the world that it is imperative that we spread love and affection in today's world, rather than spreading hatred and igniting grievances amongst one another. The need of the time is for us to step forward with a spirit of reconciliation because if we do not become true ambassadors of peace a great calamity could easily befall the world."

His Holiness added:

"Rather than looking at each through a lens of hatred, we should all look at one another through a lens of love and peace… I pray that instead of spreading malice and hatred, all parties join together and make a collective effort to end all forms of evil, so that our future generations can be saved from that indescribable destruction that would certainly arise if nuclear weapons were ever used again by any country."

During the event various dignitaries also took to the stage including Nagoya Mayor, Kawamura Takashi, Congressman Kudo Shouzo, and Member of City Parliament, Mr Yoshiaki Shouji.

All of the dignitaries took the opportunity to welcome Hazrat Mirza Masroor Ahmad to Japan and praise the Ahmadiyya Muslim Community's commitment to peace and serving humanity. The dignitaries particularly spoke of their appreciation at the relief efforts conducted by the Ahmadiyya Muslim Community in the aftermath of the 2011 Tsunamis.

Importance of Salat

Salaat is such an important obligation that is absolutely necessary. After the Pronouncement of Kalimah Tayyaibah (The Credo of Islam), pledging the Unity of Allah the Exalted and proclaiming faith upon the Holy Prophet, peace and blessings of Allah be upon him, the obligation of Salat has been ranked as the most important article of Islam. That is, Kalimah Tayyibah is the verbal profession of becoming a Muslim and Salat is its practical manifestation. Therefore, as long as practice is not there, a man becomes an offender by mere verbal proclamations. A man accepts the law of a country but if he contravenes it, would he not be declared an offender? Of course, he would definitely be an offender. Accordingly, the one who does not offer prayers is a religious offender and then such people become national offenders by not setting examples as required of purity and piety before children when Allah has entrusted them with the responsibility of their reformation. In fact, they are not justifying the rights of this custody Allah has blessed them with. If discord is created in the nation, it is on account of the negligence of such people who have been entrusted with this responsibility. If strife occurs in their progeny, it happens because of the lack of supervision and prayers. Therefore, when Ansar say that Alhamdolillah (All Praise belongs to Allah), we are members of Majlis Ansarullah, it means that we are members of that organisation which is the organisation of those who are the helpers of Allah the Exalted. That means, that we are prepared to provide all sorts of practical support for the establishment of the Unity of Allah the Exalted and upholding the flag of the Holy Prophet, Peace and Blessings of Allah be upon him, in the world; and the first and founding step of providing that practical help is, in fact, Salat which is a fundamental obligation enjoined by Allah the Exalted. When these practical examples of worship are established in homes, Salat in congregation is talk of the house, its significance sinks in the minds of the new generation, and that way we are training our progeny on the foundations which Allah the Exalted has prescribed for us. It is a very critical role that the head of the family is quietly carrying out. Therefore, always remember that by the shortcomings of Ansarullah, weaknesses breed in the growing generation. *(address to Ansarullah by Hadhrat Khalifatul Masih V)*

اللہ تعالیٰ کے خاص فضل سے مجلس انصار اللہ یو کے، کے تحت مجالس میں تبلیغی پروگراموں کا انعقاد کیا گیا۔ ان پروگراموں میں غیر از احباب مہمانوں کے ساتھ عید ملن پارٹیز اور چیریٹی چیک پریزینٹیشن اور قرآن کریم نمائش منعقد کی گئیں۔ مختلف زبانوں میں تیار کردہ تراجم قرآن کریم نیز مختلف جماعتی تبلیغی کُتب اور لٹریچر پر مبنی سٹال بھی لگائے گئے۔ اللہ تعالیٰ کے فضل سے کافی بڑی تعداد میں غیر از جماعت مہمانوں نے شرکت کی۔ اتمام تبلیغی پروگراموں میں بطورِ خاص کُتب لائف آف محمد ﷺ اور WORLD CRISIS AND THE PATHWAY TO PEACE بھی پیش کی گئیں۔ اللہ تعالیٰ محض اپنے فضل سے ان پروگراموں میں شامل ہونے والوں کو اسلام احمدیت کی صداقت کو سمجھنے کی توفیق دے اور غیر معمولی ثمرات سے نوازے۔ اللہ تعالیٰ تمام داعیانِ اِلیٰ اللہ کو احسن طریق پر کام کرنے کی توفیق دے اور اِن کو دین و دنیا کی بہترین حسنات سے نوازے۔ آمین

جیسا کہ حضور اقدس ایدہ اللہ تعالیٰ نے اپنے مختلف خطابات جمعہ میں تبلیغی ارشادات فرمائے ہیں کہ " اگر ارادے پختہ ہوں تو تھوڑی تعداد بھی بہت کچھ کر سکتی ہے " نئے نئے طریقے تلاش کریں "۔ نیز فرمایا کہ " جو تمہارے بس میں ہے کر گزرو "۔ پس ہماری کوشش ہونی چاہیئے کہ ہم اپنے پیارے امام کی نصائح پر پوری کوشش کرکے ملک کے ہر فرد تک یہ پیغام پہنچادیں، کہ تمہاری بقا خدائے واحد و یگانہ سے تعلق جوڑنے میں ہے۔ دُنیا کا امن اس مہدی و مسیح کی جماعت سے منسلک ہونے سے وابستہ ہے۔ اللہ تعالیٰ اپنی جناب سے ہماری مدد کے سامان عطاء فرمائے۔ آمین (خاکسار شکیل احمد بٹ۔ قائد تبلیغ۔ مجلس انصار اللہ یو کے)
